OUR PHILOSOPHY ~

**We will find a
solution
NO MATTER WHAT**

The Company

HP6 has a solid background knowledge of the entire HVAC&R industry. We are a commercial and industrial company with our primary focus on exclusive specialised projects and maintenance. Our company's success has been based on personalised service to our client's needs and our ability to complete projects to their requirements on time.

We at HP6 take pride in the projects and buildings we maintain, knowing it is a true reflection on how we operate as a company, we adhere to the latest building standards and safety practices, and provide the most recent innovated solutions in the industry.

Our work history is comprised of commercial projects, building maintenance, specialised projects, hospitals, education, and the hospitality industry.

The Team

The company's Senior Executive, Scott Watson, has a comprehensive background of knowledge in the HVAC&R industry with over 38 year's experience.

We have a team of specialist technicians who provide and deliver the highest standard in the industry.

Our Services
